

Compose, Create and Perform

Children will use a variety of instruments and be given help to put together and perform a song or rhythm. The theme of the song can follow any current theme that the school are studying, eg. Maths Rap, World War 2, Florence Nightingale, PHSCE topics etc

The performance can be recorded using a 16 track digital recorder.

Lets Work Together

Team building exercises that rely upon the whole class, teachers and pupils, working together to maintain the beat.

This workshop is sure to be a hit with children as they swap from one instrument to another. They will take turns to play on Conga Drums, Bongo Drums, Djembe Drums, Handbells and Boomwhackers to name but a few and of course everyone will want a turn on the Tibetan Gong!!

Bespoke Music Workshops / Sessions

This service allows you to set the topic for your very own unique workshop. You may want something to compliment a curriculum theme or a music workshop to unite the whole school in a fun project. Whatever your requirement talk to MASC about how they can support the school by providing high quality, fun and affordable workshops for you and your pupils.
